

North Carolina Professional Women in Building Sponsorships and Donations

The North Carolina Professional Women in Building, chartered in 1988, is an active group of professional women affiliated with the North Carolina Home Builders Association and the National Association of Home Builders. Our members work in all aspects of the building industry as builders, subcontractors, business owners, marketing experts, interior designers, sales representatives and mortgage bankers. This group is dedicated to promoting, enhancing, and supporting home building and women in the building industry. Our main activities are in the areas of education, providing scholarships, and political action. We are the organization representing women in the North Carolina home building industry and are dedicated to supporting the professional development of those women as well as the next generation of home builders.

Thank you for your support and commitment to the NCPWB through your sponsorships and/or donations. Please check the appropriate box for sponsorship and/or donation.
